REVIEW LAST WEEK

< > <!-- I mark the start of a webpage -->

< > <!-- Anything that goes here will not be displayed -->

< > I am a title! </ >

<link rel='icon' href='favicon.ico'/>

</ >

< > <!-- Only content that goes in here will be displayed -->

< >< > I am a centered header tag! < >< >

< >< > **I am bold and underlined.** < >< >

< > *I am italicized.* < >

< > This is a paragraph tag < >

< > Div tags are used to separate or divide content < >

< >< > <!-- Horizontal Line -->

< >< > <!-- The br tag creates a line break -->

</ >

</ >

```
<html>
```

```
<head>
```

```
<title>I am a title!</title>
```

```
<link rel='icon' href='favicon.ico'/>
```

```
</head>
```

```
<body>
```

```
<div>
```

```
<center><h1>I am a centered header tag!</h1></center>
```

```
<u><b>I am bold and underlined.</b></u>
```

```
<i>I am italicized.</i>
```

```
<p>This is a paragraph tag</p>
```

```
<p>Div tags are used to separate or divide content</p>
```

```
<hr></hr>
```

HR tag stands for horizontal rule, it creates a horizontal line

```
<br></br>
```

The br tag creates a line break

```
</div>
```

```
</body>
```

```
</html>
```
