Station 1- Design

The point of this station is for you to draw / design how you want your website to look like. Use the next few pages to draw your ideal website for the WOW!

Station 2: Tag Identification

Choose two of the screenshots and describe what you see. For example, if you see an image, write out the image tag. If you see that it's a paragraph and the font is red, describe it and write out the tag and style.
