**Citizens Schools at Global Tech Prep Spring 2012**
in collaboration with **CodeEd.org**

DO NOW

DO NOW

1) What is the tag you use to make a link?

2) Which of these are incorrect? (Are they relative / absolute links?)

a) This is a link
b) <a href='index.html'/>
c) <center></center>
d) <link href='http://google.com'>Google</link>
e) Google
f) <anchor href='http://google.com'>Link</anchor>

All of them except for e is incorrect. ABC are relative links. DEF are absolute paths.

EMBEDDING VIDEOS

Agenda

• upload webpage to server

• embed videos

VIDEOS

Youtube is blocked on the school server, so show vimeo instead.
http://vimeo.com/24611034
Go to vimeo, load up the website. There should be an embed button next to the video. Click on the embed and copy the code and paste it onto their website.

END
